One person doing the same job with a complicated, expensive machine.

.....

## FIND THESE IN THE DISPLAY

**No 1 - wooden plough**

**No 2 - metal plough**

**No 3 - wooden harrow**

**No 4 - metal harrow**

What are the advantages of making things of metal rather than wood?  
Tick the correct boxes.

Wood goes rotten	Wood is cheap	Wood can be repaired easily	Wood can be found anywhere	Wood is strong
Metal is more expensive	Metal is stronger	Metal breaks easily	Metal goes rusty	Some metal objects have to be made in factories
